## Examination Table

### Examination Table

DP-8330

*Professional technique create  
high-quality enjoyment of life.  
Our products are very good  
in quality, and the price is low.  
This is a quality product.*

! Manual measurement, Deviation 1-2cm.

**Hand-pressing Lifter**

Backrest adjustment (angle: 0-50°)

**Hydraulic Rod**

Lift up and down (57-86cm)

**Pedal**

Depression foot pedal, whole bed can be moved.

**Foot Pad**

Adjust the foot pad to keep the bed steady.

**PATENT:**  
ZL201520111798.7

**MAX LOAD 200KG**

**strong and stable**

Metal frame with laser cutting, robot welding,  
parts integrating and the overall solid.

Our Dongpin company  
adopts stainless steel  
hydraulic rod, static  
maximum load 200kg,  
stable and safe.

This table is simple, good flexibility,  
safe and stable operation.

**DONGPIN**

➤ **Good hydraulic rod**

Japan imported, bearing 200kg,  
good sealing performance, no leakage,  
smooth and good use

**OTHER**

➤ **Poor hydraulic rod**

Has weak bearing capacity, unstable  
operation, easy to fail, easy to leak oil  
and no safety

High density sponges are filled  
inside with strong resilience.

**MAN-MADE FOAM**

high density

good toughness

high rebound

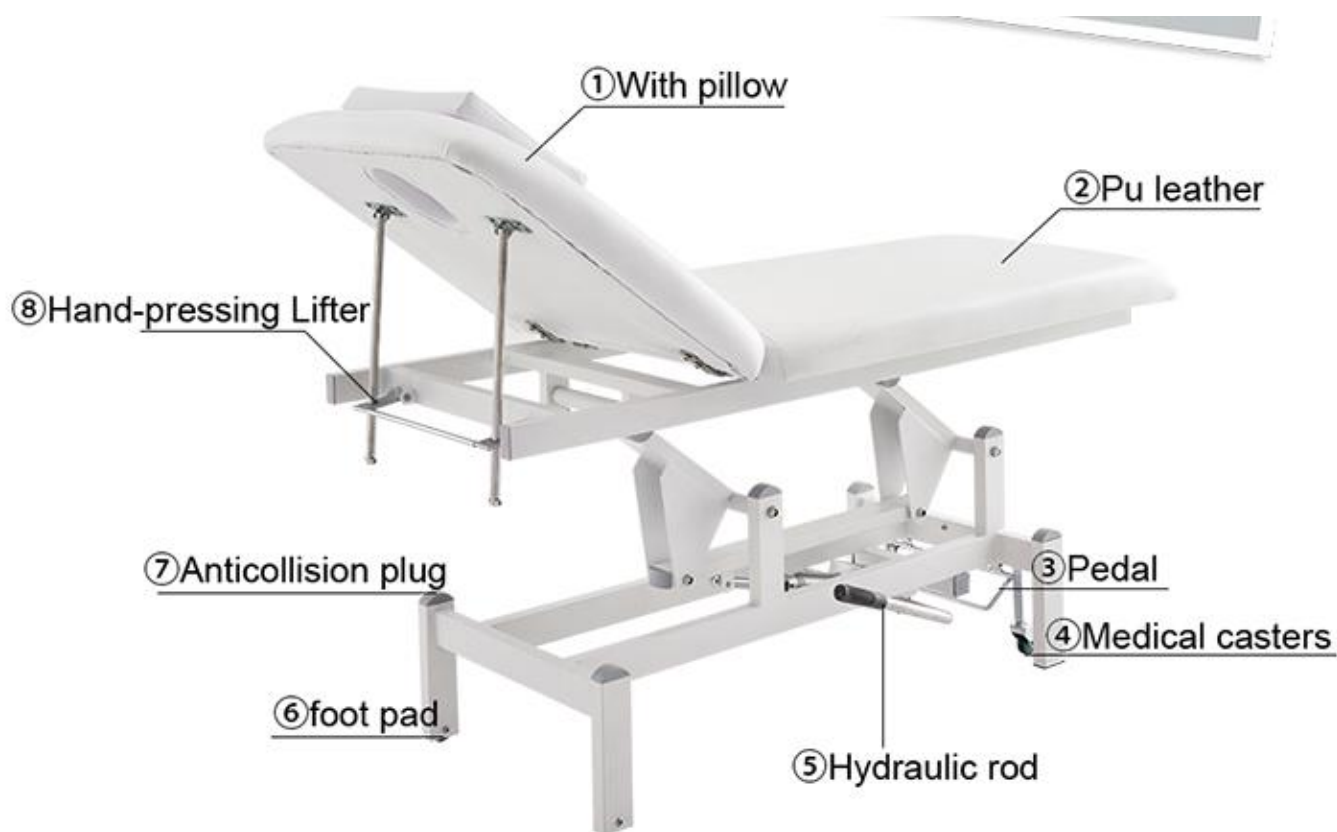

use for a long time

Metal frame with laser cutting,  
robot welding, parts integrating  
and the overall solid.

**THICKENED METAL FRAME**

beautiful & durable

### ***【With pillow】***

*removable pillow,  
convenient and useful*

### ***【Pu leather】***

*meet the human skin,  
soft and comfortable*

### ***【Towel rail】***

*Available configuration,  
Good quality*
